CHAIRMAN'S MESSAGE

Dear Students,

Hearty congratulations for having chosen and joined R R Institutions for making dreams a reality. We are happy to help and prepare you to achieve both personal and professional growth and thus place you at the forefront in the industry. We understand that you expect high quality education with distinguished international faculty, modernised classrooms, excellent lab, rich library and good infrastructure to grab a promising career when well-trained professionals are in great demand in the industry in India and abroad. Knowing our responsibility, we have designed a mechanism to discover the potential and skills of each student to mould one into successful professional with the capability of winning career with a critical edge for success.

Founded in 1993, at the behest of P K M Educational Trust, R R Institutions ventured into the field of professional education with a mission of imparting education of international standard to every individual from each strata of society reachable at affordable cost.

The trust manages 14 esteemed institutions when Management College was started in the academic year 2003-04 and started forward with Pharmacy and Education, during 2004-05 and later expand Management courses in 2005-06 engineering was a dream which started during 2008-09 along with a multi specialty 200 bedded hospital, polytechnic and other courses establish 2009-10 further expansion will be in the field of Nursing Education for the towntreed and the needy. All the institutions are housed in spacious buildings in 27 acres and are independently managed and have an excellent record in the field of Academics, Sports, Culture and various other activities. Each institution is endowed with best infrastructure with an urge to provide quality education to all the students.

Besides shaping students as highly trained professionals to take any challenges in the field, the R R Institutions are keen to offer students openings in various firms after the completion of the course through the Placement cell of the institute. Achievements of our alumni in diverse organisations made RRIT products in great demand in the field.

We have immense pleasure to welcome you to be the part of R R Institutions that have yielded numerous success stories in the past and hope that the top-rate professional training and the reputation of the Institution will help you to go beyond your expectations. Your dream of today will be the reality of tomorrow. We are always with you to support and encourage.

Wishing you all the best.

Y. Raja Reddy
Founder, Chairman

R R Institutions is an educational oasis

methods

Vision

To grow beyond leaps & bounds as an institute of par excellence in the arena of technical and professional education. Develop human resource to a global standard through creative, dynamic and constructive learning process.

Mission

Career oriented education combined with outstanding technical and professional skills along with ethical values, social responsibility in context of today's millennium world.

ABOUT US

R R Institutions, setup with a mission of imparting education to all sections of society was established in the year 1993 to render highest standards of academic achievement with moral and social commitments.

Converting the idea of providing high quality education combined with excellent infrastructure into a reality in Indian context, R R Institutions have proved the capability of placing students after completing their courses in prestigious organizations across the country and abroad. Generating a synergistic relationship with the industry with a long-term view where the college and the industry could have a mutually beneficial relationship, it aims a rigorous, relevant and rewarding education with a special emphasis on practical and technical inputs.

Ideally located away from the huzzle and buzzle of Bangalore city R R Institutions spread across 27 acres with lush green gardens for getting a peaceful and serious learning atmosphere.

Bangalore, a leading educational centre and one of India's most vibrant, cosmopolitan cities, is well connected by road, rail and air to the rest of the nation. Bangalore has emerged as a high tech hub of India with tech parks and enormous job opportunities for students.

Inspire Achieve

Explore | Educate | Excellence

Faculty

The Faculty members are highly qualified and they are committed to provide quality education. Guest lectures and Seminars are held regularly by inviting eminent scholars, resourceful dignitaries, teachers who are well versed in different fields.

Inviting highly qualified persons of eminence to enlighten the students on pharmacy industry as well as to develop and maintain good industry - institute relationship is also one of the features of the curriculum activities, which will create job opportunities for the brilliant students.

Implementation

The Board of Studies oversees the implementation of the courses and specifically monitors attendance of the students, their level of participation in the class and faculty performance.

Feedback

Specific problems of the students are identified through monthly student feedback and remedial action is taken by the faculty.

- Cafeteria
- Various Career Opportunities
- Transportation

A Different Approach

Placement Across

With a firm commitment to achieving its mission, no stone has been left un turned in providing not only the very best of facilities to students, but we believe that truly outstanding Institution is Characterised not just by facilities, but by the uniqueness of its approach and methodology. Rigorous academics and an approach that is an innovative as it is structured; courses delivered by top-notch faculty and a spectrum of features and highlights make study at R R Institutions a truly enriching and outstanding learning experience.

Highest quality education and career focused training prepare students to excel in the realities of the various workplaces and global markets. Collaboration with prestigious firms and industry experience programmes are instrumental in establishing good relationship with reputed firms and creating job opportunities for brilliant students.

Academic Orientation

A strong academic orientation lays the foundation for life-long learning, ingraining in the youth the psyche of the eternal student. It is imperative that all students attend the orientation programs conducted at campus. The orientation program enables the students to familiarise themselves with the teaching methodology and aids used in the classroom, use of in-campus facilities and services, library and lab use, stationery supplies and other services. The programs also focus on academic and personal counseling, equipping students with necessary study skills required for academic setting, enabling students to adjust to different methods of teaching. Special foundation programmes are offered to foreign students who may be visiting India for the first time. These programmes are designed to help them understand Indian culture, society and values so that they can adapt them selves to the local conditions without problems.

Modular Curriculum

We believe that it is vital for a student to have a strong focus on the subjects of study at any given time. In order to facilitate this, the curriculum is designed with a modular structure. This also makes it possible for students to opt for electives that supplement their areas of interest and skill.

Continuous student Assessment

At R R Institutions, Student receive regular feedback from professor. Panel Discussions, Creativity workshops, Development of Case Studies, Paper presentations, Brand Events, Role Plays, Sponsored Projects and Research, Career Planning Workshops, Project, Unit tests, Assignments, Group Discussions, Seminars, Demonstrations, Lectures by invited scholars and professionals, Monthly exams, Internal examinations and Field trips help the students to harness their skills to win in the competitive industries.

Leisure and Sporting Activities

The college has tie-ups with various clubs and resorts nearby which offer all amenities including swimming, badminton, multi-gym and other facilities. Basketball, table tennis, volleyball, aerobics and hockey facilities are available on the campus. The leisure rooms are an inviting space

for students to relax while playing board games, watching TV, listening to music etc.

Guest Lectures

Eminent personalities from industry and the field of education are invited to deliver lectures on current and important topics on a regular basis. This gives the students a realistic perspective of the concepts they learn in class. These sessions are designed to be interactive so that the students get an opportunity to interact closely with the resource persons and broaden their horizon of knowledge.

Industry Exposure

R R ltes are given the opportunity to work on live projects through tie-ups with organisations across a spread of industries. A walkthrough these systems, approaches and business strategies gives students a feel of the real world, preparing them to be contributors to the industry from day one.

Strong Placement Process

Placement cell of the college is very active in the field through continuous interaction with reputed companies across industry sectors in order to identify their requirements. Students who are ready for placement are carefully profiled and prepared for attending interviews in companies.

Discipline and Values

We, at R. R. Institutions believe that if we are to succeed in the task of nation building, our youth need to develop a sense of values and discipline which will form the basis for their approach to everything around them, making them responsible and sensitive citizens. Instilling a deep sense of values and discipline is a continuous process and an integral part of all activities at the college.

Project Work

Apart from the curriculum activity, the students are encouraged to do a project work in the field of their own interest. This work helps them to keep a step ahead in future to their need in higher studies, Research and in career.

Practical Training

Students are also encouraged to undergo training in hospital to acquaint them with the rational use of drugs, prescription monitoring, pharmacist-physician-patient interactions and patient counseling. The Practical Training of minimum of 400 hrs is compulsory for the students.

Industry Forum

Industry Forum

A special initiative by the college - R. R. Institutions Industry Forum - is established with the objective of providing supplementary input to the curriculum of professional courses such as MBA, B. Pharma with academic inputs which are focused on the requirements of the Industry.

It also aims to orient the students on the working and the practical aspects of the industry, and also seeks to generate a synergistic relationship with the industry with a long-term view where the college and the industry could have a mutually beneficial relationship.

The industry leaders are invited to participate and interact with the students, about to graduate and selected and provides jobs. NCIT-2010 was a very big annual seminar conducted at RR Campus addressed by Directors of Wipro Info Sciences.

A unique Campus

Spread over 27 acres of built-up space, the classrooms, libraries, labs, seminar halls and learning centres of R.R. Institutions have been designed with meticulous attention to detail and use of space, making it a truly a world class backdrop against which students pursue higher studies. The vibrant interiors and exquisite finishing touches lend the college an ambience that is as delightful as it is inspiring.

Classrooms

The classrooms are designed to be compact so as to stimulate and encourage close interaction between students and faculty. The matchless overall approach and open-door policy of the faculty lends an additional dimension to academic learning at R.R. Institutions.

Library

The spacious library houses a diverse collection of over 18,000 volumes apart from subscriptions to leading national and international periodicals and journals. The audio-visual section houses an extensive range of CDROM's audio and video tapes. The library serves as a rich workspace for students to do research and referencing in their respective course of study.

One of the prime concerns of the college is to ensure that every student is a happy and cheerful individual. No Stone has been left unturned in providing students the very best of facilities so that they can pursue their studies in a happy and cheerful ambience.

Student Housing

The institutions have provided separate well-furnished and spacious hostels for boys and girls. Warden-Tutors will take care of studies and health problems of the students. 24 hours security has been given to hostel inmates under strict vigilance by security network. Students are supplied hygienic, tasty and healthy food at moderate cost.

Medical Services & Healthcare

R R Institutions give high priority to the health, safety and comfort of students. The college has a modern, well equipped 250 bedded hospital health care centre where the students get medical attention and guidance on health related issues. Regular health check-up camps are conducted for all students to monitor their health and 24 hours ambulance facility is provided for the needy. Each student is insured under the Mediclaim & Road Traffic Accident Policy.

Clinical Experience

Our nursing students are given an exceptional clinical facilities at the following.

K.C. General Hospital is in the heart of the city at a distance of 2kms from Bangalore Railway Station and Bus Stand. This 453 bedded hospital has good number of inpatient & outpatient of about 600-1000 respectively. Very peculiar cases are attended here, which is the major attraction.

Yelahanka General Hospital is on Bangalore International Airport Road it is centrally located and it has an easy access to 50 surrounding villages in a radius of 2 kms. It is well equipped hospital with well versed nursing staff / doctors. It is a 200 bedded hospital with 150 inpatients / 500 outpatients.

Other than NRR Hospital, Manjunatha Charitable Hospital is our parent hospital with 150 bed. It is well equipped multi speciality hospital with facilities with good number of inpatient & outpatient. It is located in a place where lower middle class are treated. Ashraya-an Aids Organisation under the Government of Karnataka is also under the same roof Where students can interact with patients directly & get the privilege of satisfaction of serving the people.

Nelamangala General Hospital - 150 bedded, on Tumkur National Highway treats accident and trauma cases, it caters to about 40 villages surrounding 25 km in radius.

We are also tied-up with Spathagiri Hospital, which is 750 bedded Medical Teaching College which is also a Parent Hospital for our Pham-D Students.

Clinical facilities are also used at Victoria Hospital, Vani Vilas Hospital, Sanjaygandhi Accident & Trauma Care Hospital, Indira Gandhi Child Health Hospital, Kidwai Memorial Hospital, Jayadeva Institute of Cardiology.

Mental Institute of Neurological Disorder (MIND), Bangalore which is the only Psychiatric hospital with 200 beds.

The students are exposed to rural areas & urban as prescribed by Indian Nursing council syllabus & posted to Government Hospital Charitable / private hospital, where all the students get the privilege of serving the people from all walks of life.

The Students are sent to communities of Urban and rural area, where each student shall have an opportunity to get a family for check-up.
